

MEDIA RELEASE – OLIVIA'S PLACE

28th MAY 2014

Olivia's Place Reaches Fundraising Goal

Olivia's Place Pregnancy and Early Parenting Resource Centre has been providing services to enhance the lives and wellbeing of families in the Baw Baw Shire for almost 2 years. During that time we have also been undertaking fundraising events and receiving donations toward opening our premises.

"We are very excited to announce that with the receipt of a huge donation today, we have reached our goal of \$125,000 and can now actively search for premises. The premises will be a friendly place where men, women and families can access information and support or just gather to chat in comfort and safety". Coordinator, Kirsten Finger says 'we are hoping to secure premises centrally in Warragul so that we can provide much needed baby change and feeding facilities now that the current maternal and child health service facilities are being relocated. This will mean mums and babies will continue to be able to shop locally and know that their needs are being met."

Now that we have reached this goal, the next step is to ensure ongoing support so that our service can continue past its first year. Local businesses will hopefully see the benefit of young families staying in the Warragul business area to do their shopping and may like to provide some ongoing sponsorship.
