

Latrobe Shire Olive Guide Pricing Schedule 2015/16

Your advertisement in the Olive Guide not only demonstrates your support of local families in our community, it provides valuable exposure in a widely circulated publication for a full year!

Almost 2000 copies of the Olive Guide were distributed in the Baw Baw Shire during 2012-2013 and we are currently distributing a 2015 print run of 2500 copies, also within the Baw Baw Shire. The guide provides information to families about essential services, tips for parenting, immunisation schedules and lots of other great information that means families refer to it frequently.

We will guarantee the Latrobe Shire edition print run for at least 12 months from its release date, giving you a full 12 months (or longer) of exposure to thousands of local families.

The cost of advertising represents cost recovery for the guide. This ensures that our organisation is not out of pocket for the publication and as such we can continue to provide it free of charge as one of our essential services to the community.
